The Zephyrhills Community Based Outpatient Clinic (CBOC) was established in April 2006. This CBOC was relocated from a leased space into a newly constructed facility adjacent to the Florida Hospital on Daugherty Road in Zephyrhills in Hillsborough County. The staff is pleased to provide primary care services in this 4,500 square foot health care setting and the adjacent Mental Health Annex, which opened summer 2008.

PRIMARY CARE SERVICES

We currently have four primary care providers, mental health providers and ancillary services. Veterans are followed by a designated primary care team for the general care of that patient. Teams are comprised of physicians, nurses, pharmacist and administrative support personnel.
